

Luther's Lodge Campaign

A place of respite during
stressful times.

TO SHELTER AND SERVE

First English Lutheran Church will be home to Luther's Lodge.

The congregation invites Luther's Lodge to construct six new guest rooms and related living spaces within its church building. The intent is to expand services, enhance amenities, and create an improved location within the hospital corridor. When completed, this initiative will double the capacity of Luther's Lodge to shelter and serve people in need.

MEET MARY

Mary, from a small Wyoming community, was a guest of Luther's Lodge while her husband was hospitalized. The Lodge provided a strong sense of peace, "a little sanctuary during a very stressful time."

Mary was happy to have a well-equipped kitchen and facility where she could rest in the evening. She was grateful for the kind and sympathetic words and ways of staff and other guests. Between the support of her friends, family and the Lodge staff, Mary felt well cared for.

A place of respite during stressful times.
